Commissioner for Patents  
Crystal Plaza Two, Lobby, Room 1B03  
Arlington, VA 22202

Dear Sir:

Please correct the correspondents address for the reference patent application to  
customer number

**23548**

This patent application was filed with a power of attorney granted to the attorneys listed under customer number 23548 and with the correspondence address associated with customer number 23548.

At a time unknown to the authorized attorneys representing the inventors, a change of address was filed citing a different customer number and five identified practitioners of record for that customer number. That paper does not appear in the file of the present application but a change of address form generated within the U.S. PTO was date-stamped in this patent application on May 14, 2002. This entry was improper and not authorized by the inventors and was entered at the instruction of attorneys who were not granted powers of attorney to act on this matter.

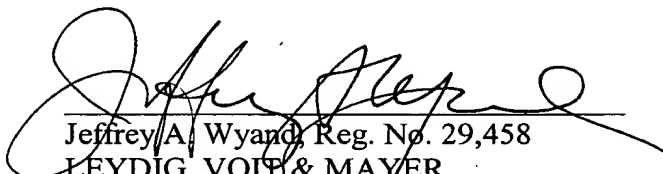

As a result of this unauthorized address change, no paper mailed by the U.S. Patent and Trademark Office in this patent application has reached the correct address. Applicants first learned the address change information on August 25, 2004. The attorneys at the address improperly entered for this patent application have acknowledged that they have no power of

In re Appln. of BARNETT et al.  
Application No. 09/784,220

attorney to act on this patent application and, to the best of their knowledge, did not seek to change the correspondence address of this patent application.

Prompt correction of the correspondence address is earnestly solicited.

Respectfully submitted,

Jeffrey A. Wyand, Reg. No. 29,458
